SHOPEE

20TH OCTOBER 2018

Dear Sir/Madam,

Ref: Application for Quality Assurance position

This letter is to express my interest in your posting on LinkedIn for Quality Assurance position. I am a final year Indonesian student studying IT with specialism in Business Information Systems at APU and will be available for work in March 2019. With my background in e-business, project management, and IT management, I am confident that I will be an excellent addition to your organization.

Studying at a multicultural technology university has given me the opportunity to collaborate with diverse types of people and be part of the organizing team of various events. During my internship with an e-commerce company, I served as a tester and developer on Magento 2 platform. This is where I realized my interest for holding a QA position since I enjoy identifying gaps for improvement and jointly discussing the best way to initiate improvements. I was rated an excellent intern for my fast-learning skills, curious nature, and detail-oriented personality. My experiences have given me a strong foundation of technical and soft skills to deliver exceptional work in any position assigned to me.

By nature, I am a service-oriented person who has a sharp eye for clients' needs and always prioritizes client satisfaction through process optimization. I also possess a great eye for design and UI/UX, hence I am very detail-oriented when testing applications while always considering users' point-of-view. I am known for being a logical person with critical thinking skills and positive attitude at work. I enjoy working with different teams that help me gain knowledge in different business areas of the company.

I've attached a copy of my CV for your reference. I will contact you once again next week to follow up and perhaps make arrangements for an interview. Feel free to reach me anytime via my cell phone, 011-6124-9283 or via email at assyfaamany@gmail.com. Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely,

Assyfa Amany Febri
